(CIA LETTERHEAD)

STATOTHR

15 February 1973

Ms. Susan Marsh  

Dear Ms. Marsh:

Thank you for your letter of 6 February 1973 to the Director inquiring about the general reference maps produced by this Agency. We are appreciative of your interest in this map series, and are happy to send under separate cover a set of the current issuances for your review.

As you may be aware, these maps may be acquired by the general public through the Superintendent of Documents, Government Printing Office (GPO), Washington, D. C., which last summer began releasing them for sale at the rate of about 30 per year. I enclose a copy of a recent GPO flyer which describes contents and prices for some of the maps. The maps may also be consulted by visiting any of the 800-odd GPO depositories in the U. S., one of which is the Mary Reed Library, University Park Campus, University of Denver. At present, 18 maps are available.

Please feel free to contact us if you have further questions.

Sincerely,

STATINTL

  
Deputy Director  
Basic and Geographic Intelligence
